

Due to the threat of COVID-19, the international scientific conference in Baltic studies "Forms of Freedom", scheduled to take place on 14-15 September 2020 at the University of Warsaw, has been postponed. The new conference date is 20-21 September 2021. We hope that by that time we will be able to allow ourselves more "forms of freedom".

Information about registration will be provided at the beginning of 2021.
